

7<sup>th</sup> July 2017

Dear parents/carers,

As part of our Enterprise project, Class 9 have developed an enterprising business plan based around the Year 6 play. Both Year 5s and 6s are involved in this business idea, which they explain below.

“We are planning to create a stall to celebrate the Year 6 play – Lights, Camera, Action: PGTV Live! – with superb selections of pocket money purchases. We are selling amazing pencils and one-of-a-kind keyrings. These unique items are very special because they're personalised for Park Grove and cannot be bought anywhere else in the world. Class 9 will carefully handcraft their own keyrings and pencils, so all items are especially customised by the wonderful Year 5 and 6 children in our class. These items will also be sold for an incredibly low and cheap price: £1 for high quality keyrings, and only 80p for decorative and one-of-a-kind pencils.

This will be happening on the 17th - 21st July outside of Class 9 where some considerate members of this class will be running a fantastic stall from 3:20 to 3:45pm.

Remember, this is unique because every sequined, glittery, googly-eyed pencil and keyring will have been individually created by a member of class 9. You can get yours at our stall...we hope to see you there!”

Best wishes,  
Class 9
