

Park Grove Primary Academy

Physical Education Spending 2017-2018

What is the PE sport funding?

Schools must use the funding received, to make additional and sustainable improvements to the quality of PE and sport they offer.

Each school with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil on roll in January 2017.

The school level breakdown of funding for the academic year 2017 to 2018, including conditions of grant, will be released in October 2017 so this section on funding may be updated nearer the time

How will we invest this at Park Grove Primary School?

At Park Grove we have developed a provision plan to ensure this funding is invested to maximise the long term impact of our PE provision for pupils and staff. The funding is invested in various ways and the impact of these initiatives is closely monitored through assessment of children's skills, staff and pupil feedback, uptake up of clubs etc.

As stated in our provision plan, for the academic year 2017-18 we will continue to use the services of qualified sports specialist coaches to teach one PE lesson per week to every class. Every class teacher, with the exception of Class 1 who have a longer session with Total Sports, will continue to teach one PE lesson per week in addition to the sports specialist coaches taught lesson.

Our providers are Total Sports Ltd (www.totalsportslimited.co.uk) who have an excellent reputation within York. These specialist coaches work with every child and teacher. The increased sport, exercise and enjoyment of physical activity has increased confidence and self-esteem in the children. Teachers continue to benefit

from training, advice and support from the specialist coaches which will increase capacity and the skills of our own staff.

As a school, we regularly monitor the teaching of sport through lesson observations, parent feedback, pupil interviews and pupil questionnaires. Our [Class and Sport blogs](#) show many comments from children which emphasise their enjoyment of PE lessons at Park Grove and show that they are happy and motivated to learn.

Feedback from children and staff about the impact of our sports specialist coaches has been extremely positive. The sports coaches so far have already impacted in some cases on individual children's confidence, self-esteem and enjoyment of coming to school. We have also already shown that this initiative has had a beneficial impact on positive behaviour for learning which ultimately leads to increased academic achievement.

Here are some of the children's responses when asked about PE and sport within the school –

I think the PE in this school is excellent because we learn a variety of different sports and it's all very, very fun – Toby, Year 5.

I like PE because we get to play dodgeball; we also play other games that I like. We do PE because it makes us fit and strong. I like it when we do PE inside and outside and I think we are lucky to have a big field to play on – Charlie, Year 2.

PE is one of my favourite lessons because we are able to be active and have fun. I look forward to PE and I enjoy learning new games which we can play. My favourite sport is football and I loved doing this last year in my PE lessons. The Total Sports lessons are very fun and we are taught new games for our warm up activities like Secret Tig. I also like my teacher's PE lessons because she makes them competitive by giving us challenges and playing matches – Alfie, Year 4.

I like the games because they are really fun and fair so if you are out you can have another turn. I like to do PE inside best because it's easier to run in the gym – Anastasia, Year 2.

In addition, the sports coaches are providing after school clubs, which will vary throughout the year in line with children's interests. Different age groups will be given the opportunity to take part in varied activities over the year. Class teachers will also continue to provide their own extra-curricular sporting activities. Our extra-

curricular sports clubs for 2017- 2018 include football, cricket, running, table tennis, netball, rounders and many more. Please see our [Sports Clubs](#) section for more details.

Due to our strong links with the York Schools Sports Partnership and Total Sports, many children have had the opportunity to take part in sporting competitions against other local schools in these different sports e.g. Football, Netball, Swimming and many more. As a result, Park Grove Primary School has recently achieved the nationally recognised Silver Sainsbury's School Games Mark award for our commitment, engagement and delivery of competitive sport in 2016/2017.
