

# Class 1 newsletter

22nd May 2015

## Class 1—Inventors!

In class 1 we love making models, and not just recreating things we know, but also inventing new useful things. Here are just a few we have made this week...

**'Cleaning Bot'**  
A handy robot to help keep the house clean and tidy!

**'Robo—arm'**  
A robot arm to attach to your body and make you stronger!

**'Patterned work belt'**  
A yellow and green shoulder and waist belt to put all your tools on to help you work better!

Great inventions, don't you think?

## Show and Tell

Our show and tell sessions have been fantastic this half term. The children have grown in confidence so much, and are now all able to stand up in front of the whole class to share their special objects. We have also improved our questioning skills, thinking of how, what, who, where, when and why questions to ask the person who is sharing.

## Maths Enrichment day

We have spent today singing maths songs, playing maths games and practising our maths skills through art.

We chopped healthy foods to use to print, then made our own repeating patterns. We also solved problems involving our teddies.

## What are we doing next week..?

Half term!  
Have a fantastic week off, and a well deserved rest.

When we come back our topic is  
'All about York'  
Can you do some exploring of our city over the holiday?

Week beginning 1st June...

## **'Positive Language Week'**

Monday: Library books

Tuesday: Forest schools pm

Wednesday: PE kit. Show and Tell am

Thursday: Maths Challenge homework collected in today

Friday: No stay and play this week—whole school sharing assembly

Please remember to bring your book bag into school and keep it in your drawer.
