

Class Five/Six

Friday 19th June 2015.

Project

For your next project we would like to extend the work that we have been doing on mapping. Your task is to **draw a map of your journey to school**. You need to think about all the left and right turns you make, which roads you walk down and cross, and what interesting places you pass along the way. Please include lots of pictures of the places you pass on your map. Your map should be so good that we could use it to travel from your house to school!

Be creative with your map. It does not need to look anything like a map you would buy, but it should contain plenty of detail and most importantly, be useable. Once you have made it, try to use it to come to school.

Your homework is due into class the **week beginning 6th July**.

Spelling

You have been given a list of *-sure* words. Please learn them for your spelling test next week.

Reading

Please continue to fill in your Reading Record at least once a week right until the end of term.

English

Next week in English we will be looking at poetry based on myths and legends.

Maths and Times Tables

Next week in Maths we will be working on scaling problems.

You all know individually which times tables you need to learn for the week. Please practise them at home ready for your Times Table Challenge or Club Test!

The My Maths login is: **parkgrove** and the username is: **multiply**. This week's task needs to be completed by **Friday 26th June**.

Other Notes

Don't forget that on Monday Class 6 will be going on the Key Stage 2 visit to the National Coal Mining Museum. Class 5 will be visiting on Wednesday. You will need: a packed lunch, sensible shoes, a coat in case of rain and a hat and sun cream in case it is sunny.

Have a great weekend.

Mr Baines and Miss Land
