5th January 2017

Dear Parents/Carers,

We are pleased to be able to inform you of some exciting news regarding our school website.

Over the past few months our Computing team has been working closely with Inspirar (a web development company) to give our website a new look.

Please take a look: www.parkgroveprimary.co.uk we would love to hear your feedback.

We have acted upon advice and suggestions from parents as to how the website could be made more accessible and easier to navigate. We hope the new design will tick all the boxes, as it still retains the high level of detail but is much more simplistic in its design. Our popular class blogs will remain, and this will be sent to the email address we have on our system. If you don't receive the newsletter, please let the school know and we can add your email to the appropriate class blog newsletter.

As technology is constantly evolving, our website will include many modern new features. Therefore the new website will no longer be supporting legacy versions of Internet Explorer (IE8, IE9 and IE10). This is due to several factors, the most crucial being that Microsoft no longer provides security updates, fixes or technical support for these browser versions. Therefore we ask that you update your internet browser to ensure it is the most up to date browser this could be; Internet Explorer 11, Microsoft Edge, Chrome, Firefox or Safari.

Whichever browser you switch to, make sure 'automatic updates' is turned on in settings to help maintain optimum performance.

We apologise for any inconvenience caused but your online security is important to us.

Thank you,

Natalie Martin, Charlotte Platts and Megan Orr
Computing Team
