

Class 3 and 4 Newsletter

Week beginning 16th June

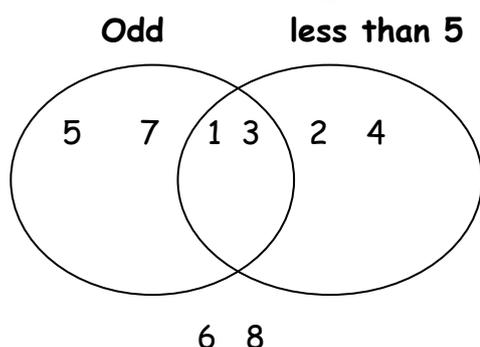

English

In English this week we will be looking at the **Zagazoo** by Quentin Blake. The children will have a discussion about the different characters within the book and whether these were real or not. We will also try to add another part to the story by writing about what a creature does in addition to thinking of our own ideas for when we come to write a story next week. Can you write down a list of different creatures and sentences to explain what havoc they may cause at home? Bring it in to show us!

Maths

In maths we will be looking at number sentences with either a number or symbol missing e.g. $7 + ? = 26$ or $7 ? 2 = 14$.

We will also be looking at numbers and sorting them into groups using a Venn diagram

Can you think of different titles for a Venn diagram and then sort out numbers to 20?

Topic

This week we will be designing a wheeled vehicle. We need some small boxes please. Tuesday is our science enrichment day where we will be doing lots of experiments! We also have the Dragon's Den on Friday where we present our money making idea to the dragons and see if they think it is a good one...

Other Notes

Library books. There are a number of children who seem to have had their school library book for a long time. We visit the library every Monday afternoon and it would be great if all children could exchange their book on a weekly or fortnightly basis. If you are not sure what book your child has out please see us as we have a list of borrowed books.

Thank you,

Miss Plews, Mrs Hearson and Mrs Carr-Brion.
