

Class Seven

Friday 19th September 2014

Project

Not long left...

Remember that we would like you to choose a dinosaur to research and to share what you have found out with the rest of our class. You can present your research in any way you like: a model, a booklet, a podcast or even a cake! Remember it is most important that whatever you present contains information about your chosen dinosaur, as it will become one of the exhibits at the Park Grove Museum of Palaeontology. Although you have until **Monday 29th September** to complete your project we would like you to tell us something about it on **Monday 22nd September**. Be prepared to describe what you are doing.

Spellings

So far this term you have tried to learn 20 rather tricky words! We will keep looking at these words until half term so please continue to study them at home for five minutes every couple of days. Hopefully by October half term we will know them really well!

Year 4s

library, sentence, question, grammar, describe, answer, address, possession, thought, imagine, material, natural, experiment, pressure, separate, medicine, breath, breathe, heart, knowledge

Year 5s

conscious, environment, equipment, physical, stomach, temperature, system, shoulder, muscle, identify, communicate, relevant, interrupt, language, explanation, suggest, pronunciation, exaggerate, criticise, persuade

Next week in class we will investigate the suffixes -able and -ably. **Please come to your spelling lesson on Friday with a list of words ending in -able and -ably.**

Maths

Next week we will be continuing our work on addition and subtraction as well as naming and drawing shapes. Why not have a go at drawing and naming any shapes you can see in your home?

Have a great weekend,
Ms Campbell and the Class 7 team
