

Class Seven

Friday 10th October 2014

Project

Next week we would like to hear a little bit about your game as it is due in during the week of 20th October (the last week of this half term) when we will either listen to you explain your game design or, if you have made your game, play it!

Remember that we would like you to design and/or make a **dinosaur game** that could be played in the classroom during wet playtimes. You could create your own, original dinosaur-themed game or you could amend a classic game such as *snakes and ladders*, chess or *pin the tail on the donkey* with a special dinosaur twist. Your game could even be maths based, the choice is yours.

Spellings

Next week in class we will be writing sentences using the homophones you have been given to learn.

Maths

Next week we will look at different methods of subtraction.

You're doing very well with your Club tests! Please make sure you're working on them at home as it will make a real difference to your times tables recall.

English

We will be finishing our information pages and writing our own dinosaur raps. Why not check out the Andy's Dinosaur Adventures website for inspiration?

Other Notes

Make sure you regularly check our school website and respond to questions or comments on our class blog.

On Friday we will be having an art-based enrichment day to celebrate the start of our new topic "Walk Like an Egyptian". Be ready to impress with your creative ideas!
