

Class Seven

Friday 17th October 2014

Project

Remember that **next week your project is due** in and we will either listen to you explain your game design or, if you have made your game, play it!

For your next homework project, we would like you to design and/or make a **dinosaur game** that could be played in the classroom during wet playtimes. You could create your own, original dinosaur-themed game or you could amend a classic game such as *snakes and ladders*, chess or *pin the tail on the donkey* with a special dinosaur twist. Your game could even be maths based, the choice is yours.

Spellings

We will be continuing to work on homophones and will be putting there, they're and their into sentences

Maths

Next week we will be problem solving and beginning to look at multiplication

How many club tests have you completed successfully this half term?

Please make sure you're working on them at home as it will make a real difference to your times tables recall.

English

Next week we will be performing and recording our fantastic dinosaur raps!

Other Notes

Please make sure you have taken your parents' evening slips home. There will also be a list of times up on our Class 7 notice board so that your parents can double check their appointments
