

# Class Seven

Friday 3<sup>rd</sup> October 2014

## Project

Thank you all for your amazing dinosaur projects. We've had a great deal of fun sharing your work and have learnt a lot!

For your next homework project, we would like you to design and/or make a **dinosaur game** that could be played in the classroom during wet playtimes. You could create your own, original dinosaur-themed game or you could amend a classic game such as *snakes and ladders*, chess or *pin the tail on the donkey* with a special dinosaur twist. Your game could even be maths based, the choice is yours.

Your homework game is due in to class during the week of **20<sup>th</sup> October** (the last week of this half term) when we will either listen to you explain your game design or, if you have made your game, play it!

## Spellings

Next week we will be revisiting the first 20 words we sent out this term and putting them into sentences. Please keep on practising these words at home so you don't forget them.

## Maths

You're doing very well with your Club tests! Please make sure you're working on them at home as it will make a real difference to your times tables recall.

## English

Next week we will be writing information texts based on *Andy's Dinosaur Adventures*. Why not look through any information books you have at home to get some ideas for eye-catching layout and design?

## Other Notes

Remember that we are off on a trip to the Yorkshire Museum on Tuesday morning. Make sure you bring a coat!

The Year 4s will be taking part in pedestrian training on Wednesday and Thursday afternoons next week. Again, please remember to bring a coat as we'll be going out whatever the weather!
