

Class Eight/Nine

Friday 17th October 2014

Project

Remember that **next week your project is due** in and we will either listen to you explain your game design or, if you have made your game, play it!

For your next homework project, we would like you to design and/or make a **dinosaur game** that could be played in the classroom during wet playtimes. You could create your own, original dinosaur-themed game or you could amend a classic game such as *snakes and ladders*, *chess* or *pin the tail on the donkey* with a special dinosaur twist. Your game could even be maths based, the choice is yours.

Spellings

Remember to try and learn our tricky spellings for this half term. We will test a selection of them on Thursday.

conscious, environment, equipment, physical, stomach, temperature, system, shoulder, muscle, identify, communicate, relevant, interrupt, language, explanation, suggest, pronunciation, exaggerate, criticise, persuade

Maths

Next week we will interpret and draw pie charts. Can you find and bring some examples to our lessons.

Please ensure that any MyMaths tasks you have not completed are completed by Thursday. Well done to those children who have completed all the tasks set on time – keep it up!

How many club tests have you completed successfully this half term?

Please make sure you're working on them at home as it will make a real difference to your times tables recall.

English

Next week we will write our information pages. This will require you to combine successfully all the fabulous information you researched this week.
