

Class Five/Six

Friday 12th December 2014.

Project

Next week we will be sharing our music projects in class. We asked you to think about a piece of music that inspires you and then to come up with a presentation based on it. This could involve playing an instrument, singing, dancing, writing a poem or creating a piece of artwork. You could bring in a CD of your chosen piece or let your teacher know if it can be listened to online.

Reading

Try to read at home daily and ask an adult to write a short comment in your Reading Record once a week. Keep up with your reading during the holidays. We will be choosing new Book Worms in January.

Maths

We will be doing the 6 times table in our Times Table Challenge after Christmas. Please keep practising your times tables over the holiday.

The My Maths login is: **parkgrove** and the username is: **multiply**. The task this week is on Roman numerals and needs to be completed by **Friday 19th December**.

Mystery Maths

We have had lots of responses on our class blogs to the Mystery Maths challenge and we have chosen our winner this week: Isobel from Class 6. Well done!

The new question is now on the Class 5 and 6 blogs: <http://parkgroveprimary.co.uk/>

Other Notes

Please remember that Tuesday is our KS2 Christmas party – this year with an Ancient Egyptian twist! We will be doing different activities in the morning to get ready for the party, and there will be food and dancing in the afternoon. Please bring your costume in with you rather than wearing it, as we will be changing into them at lunch time. Any donations of party to share with your friends will be very much appreciated!

Friday is Toy Day, so please remember not to bring in anything too small or with lots of pieces, or anything that could be easily damaged. We will be finishing school at **2.30pm**, so please make sure everyone at home knows.
