

# Class Eight/Nine

Friday 12<sup>th</sup> December 2014.

## Project

Remember we will be sharing your musical presentations **next week** from Monday 15th.

As a result of our involvement in the BBC 10 Pieces Project, we'd like you all to complete a musical project next. Your project will be to think of a piece of music that inspires you and to come up with a presentation based on it. If you play an instrument or sing, it could be that you perform the piece for your classmates. Perhaps you could come up with a dance, a poem or a piece of artwork based on your musical piece? Maybe you could bring in a CD of your chosen piece and talk about why it is special to you?

## Spelling

Apologies we ran out of time for spellings this week!!! We will test them on Monday next week instead.

## Science

Next week we will be undertaking some science investigations. Can you think of some questions from our current topic we could investigate e.g. What is the height of children of different ages?

## Other Notes

Don't forget the Egyptian themed Christmas party on Tuesday 16<sup>th</sup> December. Have you got some good ideas for a costume? What will you wear?

Friday the 19<sup>th</sup> of December is toy day! Only bring in toys you can share with a friend and nothing too valuable or electronic.

Remember we finish at **2:30pm** on Friday 19<sup>th</sup> December.

Have a wonderful Christmas break and remember we start the Spring term on **Tuesday 6<sup>th</sup> January** at 8:45pm.
