

Class 2 newsletter

13th March 2015

Year 1

English

In English we will be planning and writing our own traditional tales using ideas from stories we have read. We will be thinking about storybook language and making sure our stories have a beginning, middle and end.

Maths

In Maths we will be thinking about all our mathematical skills and applying these to problems. Our shape work will continue next week, can you spot shapes around your house and describe their properties?

Reception

We have been working ever so hard at writing super sentences about traditional tales. It is great to see everyone using their phonics to help them sound out words.

Maths has been full of shapes. We have been looking for 2 and 3D shapes around the classroom and even spotting them while eating our lunch!

Coming up

Our next traditional tale is Hansel and Gretel. Do you know the story already?

In maths we are still looking closely at properties of shapes.

We are also thinking about adding and taking away—have a practise at home.

Chick Update

One more chick was starting to hatch when we went up to see them yesterday afternoon, we managed to film it emerging from the shell just after school on the iPad. We have met the chick that our class are naming—Can you remember its name?. It was lovely to see how gentle and careful you were when handling the chicks. How many chicks are there now?

Science Enrichment Day

We have our science enrichment day on Friday where we will be doing lots of fun scientific things all day around the theme of Eggs!

Next Week

Monday: Please bring library books to change. Piglet needs to come back to school today.

Tuesday: Forest Schools for Reception.

Wednesday: Homework and Spellings handed in please. Show and Tell for the Blue Group, please see letter for more details.

Friday: Science Enrichment Day. PE Kit.
