

# Class Eight/Nine

Friday 17<sup>th</sup> April 2015

## Project

To start our 'Cricket and Cheese' topic we would like you to create a poster about a county of your choice.

1. Choose your county (not Yorkshire!). It could perhaps be one that someone in your family has come from or where you have spent holidays.
2. Find out all about your county: main towns, key geographical features, local foods and traditions, famous people, places of interest etc.
3. Create your poster. It can be a montage of images, images and text, or just text if you prefer. Make sure it is eye catching and attractive.
4. Use your poster to talk to your class about your chosen county.

This homework should be completed for the week beginning 4<sup>th</sup> May.

## Spellings

Please return your spellings homework by next Thursday (23<sup>rd</sup> April). Remember that you need to make up three questions for your friend to answer in the style we looked at today e.g.

An azalea is a type of

- a. Flowering plant    b. furry mammal    c. skin disease

## Maths

Next week we will be revising further written methods for multiplication and calculating the mean, median, range and mode of sets of data.

## Other Notes

Please make sure that you return your slip from the food technology letter as soon as possible. It's important for us to know of any food intolerances you may have before we begin this work.

Remember to bring a full PE kit for your lessons this term. We will aim to be outside as much as possible for our lessons now that the weather is becoming warmer so please make sure that you have suitable footwear.
