8th May 2015

Healthy Eating

Our topic of growing and planting has led us onto discussions about fruit and vegetables and other healthy foods.

The children have been discussing different foods over their healthy snack and deciding if the foods are healthy or

unhealthy. We know that it's fine to have a little bit of something now and again but we also understand which foods are good to eat everyday.

We even had a go at creating a healthy and an un-healthy meal. We just need to have a go at making one next!

WOW slips

We are coming up to the time of year when we make our final assessments of the children. As always your observations play a valuable part in this. Please let us know anything new the children are doing, any accomplishments or anything that has really impressed you by completing a WOW slip. The children really love sharing these with each other.

Doubling Machine!

As part of our work towards our current maths target of 'knowing doubles of numbers up to 5, then 10' we sing a song called 'The Doubling Machine'. The children love this song and have requested a doubling machine in class 1. Your wish is Mrs Stone's command, here is class 1's doubling machine...

What are we doing next week..?

Our 'green fingers' have done so well that our bean plants are ready to be planted outside. We will be doing this next week along with some work on 'Jack and the Beanstalk'

In maths we are measuring. Starting with the height of our fantastic bean plants and moving on to measuring weight and distance,

Week beginning 11th May...

Monday: Library books

Tuesday: Forest schools pm

Wednesday: PE kit. Show and Tell

Thursday: Maths Challenge homework collected in today

Friday: Stay and play

Please remember to bring your book bag into school and keep it in your drawer.
