

# Class Five/Six

Friday 25<sup>th</sup> September 2015.

## Project

In our topic lessons we have been learning about famous explorers and the incredible discoveries they made.

For your next homework project we would like you to research an explorer that we haven't learnt about yet.

How about learning about explorers from the past such as Christopher Columbus, Marco Polo or John Smith? Or if you would like to know about more recent exploration, how about researching Ranulph Fiennes, Ed Stafford or Bear Grylls? You should research the explorer's background, where they explored and what they found.

You can present your work in any way you choose but please have your research project ready to bring into school on **Thursday 8<sup>th</sup> October**. Lots of luck with your research adventure!

## Reading

Please fill in your Reading Record this weekend as we will be picking our first Bookworms of the Month next week!

## Spelling

This week in spelling, we have looked at adding -es to nouns and verbs that end in y. Please practise the ten spellings we have given you for your test next week. Remember a good way to learn the spellings is to look at them, cover them up, write them out and then check them at the end. Also you can practise the spellings in your homework book by completing the activity set on your spelling sheet.

## English

Next week in English we will be writing leaflets about the rainforest.

## Maths

Next week in maths we will be completing data handling work.

## Other Notes

The general My Maths login is: **parkgrove** and the username is: **multiply**.

Well done to the children who completed the My Maths activities last week! This week's task needs to be completed by **Thursday 1<sup>st</sup> October**. Log on and have a go! If you experience any problems, please let us know next week.

Don't forget that Class 5 have pedestrian training on Monday and Tuesday afternoon next week. Remember to bring your coat!

Please visit the Class 5 and 6 blogs on the school website to read and remark on what we have been doing in class recently: <http://parkgroveprimary.co.uk/> It would be great to see your comments on there!
