

Class Five/Six

Friday 5th February 2016.

Project

This week we have had a lesson on the 500 words competition hosted by radio 2. More information is available on the website at <http://www.bbc.co.uk/programmes/p00rfvk1>

Normally our homework projects don't run over the holidays but as the **online deadline for the competition is 25th February** you may want to continue to work on it over the holidays.

In previous years we have found that entering the competition works best if you ask an adult at home to enter your story and either email or print of a copy of your story to share in class. However, if you would like your teacher to enter your story into the competition for you please let them know. If you don't have access to a computer at home but would still like to enter the competition let your teachers know and they will arrange a sometime over lunch when you can use a laptop.

There is no set deadline to complete this homework so please bring in your stories to share when they are ready. We will launch a new homework project the first week back after the holidays.

Spelling

This week we have looked at spellings with the –ous suffix. You have been given ten spellings to learn for your test next week. Please practice them in your homework book by completing the activity on your spelling sheet.

Maths

In maths next week we will be creating our doing a pancake-themed maths lesson as well as looking at fractions.

You have been given your nine times tables. Please remember to practice them by using your booklets to help you.

We have set you a task on My Maths. You have your individual homework log-ins but to access the website the school username is: parkgrove and the password is: multiply.

English

Next week in English we will continue to write our explanation texts and then we will be doing some drama linked to this.

Other Notes

On Wednesday and Thursday it is Parent's Evening. Please remember to give your time slips to your parents so they know when to come!
