

Class 1 Newsletter

5th January 2016

Forest Schools

On Tuesday we were searching for forked twigs in Forest Schools. Once we had found them we used some different textured string to weave around the stick. This created a fantastic net to weave in a feather or an acorn. This was great practise for our fine motor skills. The twigs looked beautiful and we are going to hang

some up in our outdoor classroom.

ICT

On Wednesday afternoon we had the laptops out again to practise using 'All day to Play'. It is full of great maths games and today we were matching numbers to quantities by counting out different pictures. We were fantastic up to 10 but need some more practise to 20.

What are we doing next week..?

Next week we will be making hats for Chinese New Year, we will measure our head to see how long they should be and then adjusting and fastening them.

We will also be looking at the differences between New Years in this country compared to China.

Outdoor Area

We have been practising our phonics outside by jumping on the right digraphs outside! The new sounds we have learnt include oo, er and oi. We have also been using the new road to ride our bikes and scooters. We can also park in the car park and fill up with petrol!

Week beginning 8th February...

Monday: Bring back Library books

Tuesday: Forest schools pm

Wednesday: PE kit. Homework books in.

Show and Tell—blue group

Friday: Stay and Play

We are still having Stay and Play sessions on Friday mornings so don't forget to sign up on the noticeboard.

All reply slips with times for Parents Evening went home on Wednesday, if you have any queries about this please come to see me. I look forward to seeing you on Wednesday and Thursday.
