

Park Grove Enterprise Week 2018

Friday 8th June 2018

Dear parents and carers,

On the week beginning 18th of June 2018, Class 5 are holding a spectacular, the one and only, one in a million Penalty Shoot Out!

This year the teachers purchased new interactive smartboards for every classroom which cost £3000 each. The money raised will go to new software for them, which will really impact our learning. Computers are the future of most children because these days the majority of jobs somehow use computers. Why not learn at the beginning instead of waiting till later life when lots of new technology will have come out, but we wouldn't know the basics.

About the Penalty Shoot Out

The Penalty Shoot Out is where there is someone in goal -in this case, Mr Stoner, Miss Durkin, Miss Bilton and maybe some other people- they have to defend the goal from people scoring a penalty. We have £1 per goal so that we can obviously raise money for new Ict equipment. Then when the afternoon is done we will count up the money and see how many goals we have achieved in the afternoon. Following this, there will be an assembly presenting a prize to the class that have raised the most money. Last year Ks2 award went to class 6 who did a tea party and a few other events.

Class 5 would be very grateful if you could sponsor us for this important event. We enclose a sponsorship form for you to sign.

Yours sincerely

Class 5
