

14<sup>th</sup> June 2022

Dear Parents and Carers of children in Year 3,4 and 5,

As part of our Personal Social and Health curriculum our KS2 pupils will have a series of lessons to give them information on puberty and forming safe and healthy relationships (In Year 6 this also covers reproduction and sex education, as per the government guidance). These lessons will be age appropriate but cover all the recommended advice for pupils in relation to sex and relationship education (SRE). This will include an opportunity for pupils to ask questions or discuss any worries that they may have.

The lessons will take place over this half term.

Our Sex and Relationships Policy gives further information about the curriculum. Parents do not have the right to withdraw their children from relationships education as this is compulsory.

Once the children reach Year 6 parents do then have the right to withdraw their children from the [non-statutory/non-science] components of sex education within SRE. We will inform you when this is happening once your child reaches Year 6.

The policy below gives more details on the curriculum.

Many thanks for your continued support.

Kind regards

Mrs Hearson  
Deputy Head
