

23rd June, 2026

Dear Parents and Carers,

As we move towards the end of term we wanted to communicate the entry and exit plans for your children in September.

Children in Green and Blue class will continue to use the doors they have previously used.

This is the playground side door for **Green Class** and the car park side door for **Blue Class**.

Previously this year all Rainbow Hub children moved to using the entrance in the Rainbow Hub outdoor area. However to enable a smoother and quicker transition into and out of school, from September we are asking the Year 1 children in Rainbow Hub to use the car park side entrance at the beginning and end of the school day. The reception children will continue to use the door from the outdoor area.

If you have any questions about this please do not hesitate to ask.

Kind regards,

Natalie Martin

Deputy Headteacher
