## A MESSAGE FROM MISS SAWYER

### Annual School Reports Going Electronic

This year, we are moving to electronic school reports. These will be sent out via our Arbor platform. To ensure you receive your child's report, please note the following:

- Who receives it: Every parent or carer who is fully registered and signed up on Arbor will automatically receive the report.
- Separated parents/co-parents: Because the system sends reports automatically to registered users, both parents will receive a copy independently, regardless of your living arrangements—provided both of you are signed up on Arbor. If you are separated and both wish to see the report, please ensure both of you have active accounts.
- Need help? If you are having any trouble accessing Arbor, please contact the school office as soon as possible so we can get you set up.

### CLASS ATTENDANCE

## LONELINESS AWARENESS WEEK

Next week is 'Loneliness Awareness Week' - this week reminds us that everyone feels left out sometimes. Our school is committed to making sure no student feels alone. Small actions can make a massive difference in building a connected, welcoming community.

Our Wellbeing Ambassadors will be holding an activity stall on Wednesday lunchtime featuring some activities the children can all come and have a go at. Their last stall was a success, with lots of children coming over to join in so we hope this will be the same!.
