A MESSAGE FROM MISS SAWYER

With just a few weeks left of the school year, we have a wonderfully busy and exciting calendar ahead. Our Year 6 pupils are currently working incredibly hard rehearsing for their upcoming production, and we have a fantastic lineup of Year 6 leavers' events to look forward to. Over the last few weeks, the children have thoroughly enjoyed various school trips, and we can't wait for the upcoming Year 5 and 6 Sports Day. It is always a joy to see our community come together for these milestone moments.

As you know, we are currently experiencing some extreme heat. Please be assured that our team is doing everything we can to keep the children as cool, happy, and comfortable as possible during the school day. The children have been absolute stars and are trying their very best despite the rising temperatures. Thank you for your continued support in sending them with water bottles and sun hats as we navigate this final, exciting stretch of the summer term.

CLASS ATTENDANCE

STAYING COOL AND SAFE IN THE HEAT

With the increased temperatures as we move through the summer term, we want to ensure all our students stay safe, hydrated, and ready to learn. Please help us beat the heat by sending your child to school with a refillable water bottle (labeled with their name), sunscreen applied before arrival, and a sun hat for outdoor sessions.

We also recommend wearing light-colored, breathable clothing and footwear appropriate for the school day. Our staff will be monitoring outdoor activity levels closely and utilising shaded or indoor spaces during peak heat hours. Thank you for partnering with us to keep our school community healthy and cool!

DATES FOR YOUR DIARY

Friday 3rd July - Grovesfest - 5pm - 7pm

Friday 17th July - School breaks up for the summer holidays - 12pm

INSTAGRAM

park_grove_primary_academy Yesterday, our Year 5s visited Joseph Rowntree School to experience a secondary school for the day! 🏡 ✨ They explored the school, visited different classes, and were blown away by the exciting science experiments! 🧪 ⚡
