

6th July 2026

Dear Parents and Carers,

With our highly anticipated High Adventure residential trip this week, I am writing to share a quick but important update regarding the weather forecast and essential packing items.

The forecast is currently showing very hot weather for the duration of our stay. To ensure the children stay safe, comfortable, and fully able to enjoy all the incredible activities we have planned, we need your help with a few final preparations. Please ensure your child arrives with a **high-factor sun cream** (labelled with their name), a **sun hat**, and a **large water bottle** so they can stay hydrated throughout the day. If your child does not bring the following items, they will need to borrow them from High Adventure.

School staff will be closely monitoring the children and ensuring they reapply their suncream regularly. If a child forgets their sun cream or does not have any on them while out on an activity, we will need to phone their emergency contact to discuss next steps.

If you do not consent to your child being supported with their suncream, or if you would like to discuss this or any specifics further, please do not hesitate to contact me.

I have also reattached the kit list to this letter for your information.

Thank you as always for your continued support. We are looking forward to a fantastic, sun-filled adventure!

Mr Rogers
