A MESSAGE FROM MISS SAWYER

What a spectacular week it has been! Last week's Year 6 performance was an absolute triumph, brilliantly funny, full of energy, and a wonderful showcase of our pupils' talents. This production wouldn't have been possible without our dedicated team, so thank you to all the staff involved, especially Miss Birch for leading it so superbly.

Our Year 6s are now keeping the momentum going on their residential trip, a milestone that every Park Grove child looks forward to. As they enjoy their adventures, a quick reminder for those back at school: the weather is turning hot again. Please ensure your child is equipped for sun safety with a hat, a water bottle, and pre-applied sun cream so we can make the most of the warmer days safely.

CLASS ATTENDANCE

UPDATING MEDICAL CARE PLANS (IHCPs)

Ahead of the implementation of Benedict's Law this September, our school team is busy preparing to ensure all students are fully supported. Before the summer, staff will be getting in touch with the parents and carers of all children who have known medical conditions to create or update their Individual Healthcare Plan (IHCP).

These plans are vital for keeping our staff informed and our students safe, so we greatly appreciate your time and collaboration in finalising them before the new school year begins. As always please make sure all information on medical conditions is up to date on Arbor.

DATES FOR YOUR DIARY

Friday 17th July - School breaks up for the summer holidays - 12pm

Monday 7th September - Training Day

Tuesday 8th September - School opens for the Autumn Term
